

Constitution Study Group - Host a study group to increase your understanding of the Constitution and the principles of liberty the founders used to create it. Invite others to help others learn.

Register as Constitution Party - By registering as Constitution Party you provide clear support for the party for everyone to see. When the Constitution Party has significant numbers of registered voters it begins to show up in poles and in reports. This provides the party with legitimacy that cannot be ignored and helps spread name recognition. It becomes obvious that a third party can win when that party already has a large base of registered voters.

Constitution Party of Pennsylvania

The Constitution Party needs your help right where you are! Upholding the principles of liberty must be done at all levels of government in order to be effective and educating friends and neighbors is essential to making permanent changes.

Local Leaders - The Constitution Party needs good leaders to organize and plan party activity at every level. If you have leadership or organizational skills, please offer your time where you can.

Attend Monthly Meetings - County and local party affiliates should be having monthly meetings to keep everyone up to date on party activity. These meetings are important to keep everyone up-to-date and to answer questions that come up. These meetings also allow interested individuals to see the party and find out what we are all about.

Attend Public Meetings - Government meetings should be public. The Constitution Party needs members to attend these meetings to keep everyone up to date on what their government is doing. These meetings are also an opportunity for party members to speak out against unconstitutional actions by their government.

Host “Meet the Constitution Party” Meetings - These meetings are designed to let the leaders of the Constitution Party introduce new people to what we are about. By hosting and inviting people to your meetings you can help spread the word about the Constitution Party. (These meetings should be led by party leaders so you should not have to worry about speaking in front of everyone).

Pass out Information Pamphlets - Informational pamphlets, flyers, brochures, and mailers are made available for everyone to print and pass out at our website. There is literature available for a wide range of topics and issues, and new literature is being added every day so check back regularly for new items.

Join Like-minded Groups - Join likeminded groups to help promote important liberty-minded action. Do not try to force the Constitution Party on members of these groups; just support them because they are doing important work. However, if anyone asks, let them know we are here.

Give Presentations - If you are familiar with the Constitution Party and what we stand for, consider giving presentations

about the party in local groups and at local events.

Host Fundraisers - Like any organization, the Constitution Party is always in need of funding. Consider hosting a fundraiser to promote the Constitution Party and to provide us with much needed resources to expand and to run more candidates in bigger races.

The Constitution Party National Platform

We declare the platform of the Constitution Party to be predicated on the principles of The Declaration of Independence, The Constitution of the United States and The Bill of Rights According to the original intent of the Founding Fathers. These founding documents are the foundation of our Liberty and the Supreme Law of the Land.

The sole purpose of government, as stated in the Declaration of Independence, is to secure our unalienable rights given us by our Creator. When Government grows beyond this scope, it is usurpation, and liberty is compromised.

We believe the major issues we face today are best solved by a renewed allegiance to the original intent of these founding documents.
